2015

A YEAR IN THE FIGHT

AGAINST POVERTY

ANNUAL REPORT
In 2015 we have helped to build a better future for more than 2,500,000 people in 21 countries in Latin America, Africa, Asia and Europe, thanks to the support of 118,000 members and sponsors, more than 700 companies and 29 public institutions, who stand by our side in the fight against poverty, inequality and exclusion. It supports all those who are most needed, next to those who suffer vulnerability and, specially, children.

Join us in celebrating another year of results and transparency. We would like to continue fulfilling dreams.

#2015inAYA
